Mission Statement

St. Dominic's is a community committed to mutual respect where every individual is valued, respected, encouraged and empowered to reach their potential in an atmosphere of love, forgiveness, honesty, openness and optimism.

We are committed to celebrating difference, to promoting equality, self-belief and a culture of confidence where success is celebrated.

We strive to unlock our individual and collective potential and to be prepared to meet the challenges and opportunities of the twenty-first century, reflecting our strong Dominican Ethos.

LINKS TO OTHER POLICIES

“The aim of St Dominic's Child Protection Policy is to help protect all students in our care from harm”.

(Child Protection Policy)

“St Dominic's Grammar School sees its role as that of a caring community committed to the safety and well-being of both students and staff. The school wishes to promote the development of the whole person, encompassing physical, mental, emotional, spiritual, moral, social and environmental health.” (Drugs Policy)

1.1 INTRODUCTION

This policy is one of a number of inter-related policies concerned with student welfare, including the Child Protection/Safeguarding Policy, the Drugs Policy and Anti-Bullying Policy. The policy also draws upon advice published by relevant bodies and sources including both, DE's 'Together Towards Improvement' which stipulates that schools should have a 'caring ethos' that creates 'a supportive environment which is conducive to learning' and 'Every School a Good School'

which emphasises the need for the existence of a clear commitment to promoting ‘equality of opportunity, high quality learning’ and where staff enjoy ‘positive relationships with their pupils.’

1.2 RATIONALE

This Policy, revised in consultation with the Board of Governors, staff, a sample of parents and a sample of pupils, aims to promote a positive approach to discipline within St. Dominic’s. The Policy outlines a framework within which self-discipline and sound relationships may flourish. Thus, pupils are enabled to sustain positive self-worth and respect for others in a safe, secure and respectful environment.

The contents of this document relate to all pupils and apply when in uniform (including travelling to and from school), during the school day and when participating in school-related educational activities.

Guidelines relating to bullying, drug and substance misuse are set out in separate policies. (*Anti-Bullying Policy* and the *Drugs Policy*)

1.3 AIMS, PRINCIPLES AND VALUES

The school strives for excellence in a caring community; pride is taken in being a community in which each individual is recognised and valued. The school strives to sustain a friendly atmosphere within a culture of strong pastoral care, a climate of concern and trust, and a positive working environment. St Dominic's *Positive Behaviour Policy* is designed to help create a climate in which independent learning and effective teaching can take place, in which all can work in a spirit of mutual respect and where there is proper concern for the individual and the community. The school works in partnership with parents/guardians to ensure that students conform to the school's high expectations of behaviour, its standards and ethos, thereby ensuring a secure, safe and equitable working environment for all.

The aims of the *Positive Behaviour Policy* are to:

- promote positive behaviour and conduct throughout the school community;
- promote self-esteem, self-discipline, proper regard for others and build positive relationships based on mutual respect;
- ensure fairness of treatment for all;
- encourage consistency of response to both positive and negative behaviour;
- create an environment in which our pupils feel safe and secure;
- encourage positive relationships with parents/guardians, involving them as active partners in the implementation of the school's *Positive Behaviour Policy*;
- help pupils to develop independence by taking responsibility for their own behaviour and to distinguish between right and wrong;
- encourage students to take responsibility for their own actions;
- enable students to understand the potential consequences of their actions for themselves and others.

Having taken all of the above into account, pupils will be in a position to develop a set of guidelines to govern their own behaviour.

The *Positive Behaviour and Discipline Policy* is available to the school community through the school's website and the School App. Copies are also available from the School Office.

SECTION 2: CODE OF CONDUCT

The Code of Conduct acknowledges that behaviour is a shared responsibility. It is based on our philosophy of respect for self and also aims to encourage concern and respect for the welfare of others. The Code emphasises the importance of good relationships based on these values. It aims to encourage students to manage their own behaviour effectively and to respect the rights of others. This includes valuing the school environment and adhering to school procedures.

It is designed to prepare our pupils for the challenges of the 21st Century, to take their place in society and, in particular, the world of work in which high standards of attendance, punctuality, presentation and conduct are required.

2.1 RESPECT FOR SELF AND FOR OTHERS

Students have a right to:

- be valued as members of the school community;
- access support to deal with academic or pastoral issues;

Parents and students must be aware that whilst the internet provides children and young people with a wealth of opportunities for their education, communication and entertainment, there are also risks of significant harm through the deliberate behaviour of others online. It is well known that young people are can be exposed to inappropriate content online.

It is estimated that that in school, students access approximately 20% of their total internet usage. This means that young people are accessing the majority of online information beyond the school day. The school has procedures in place to safeguard learners from unlawful, sexual or potentially harmful content on the internet. We also offer information on internet safety and the importance of monitoring internet use at home. Parents also need to monitor internet use at home and encourage their children to report any concerning material they may have access to.

2.5 RECOGNITION OF GOOD BEHAVIOUR

Acknowledgement of good behaviour and achievement is central to the ethos of our school. Every effort will be made to support pupils in our endeavour to promote positive behaviour. The self-esteem of our pupils is enhanced by formal and informal recognition such as the following:

Good attendance is crucial to all the aforementioned.

Consequently, approval will not be given for pupils to be absent from school during the school term to go on holiday;
- Other than emergencies, medical, dental and similar appointments should be arranged outside the school day;

5.5 Vice-Principal(s)

When breaches of discipline are considered to be serious or persistent, or when a pupil is considered to be persistently underachieving and all applied measures have proven to be ineffective, the Year Head will approach the Head of School who will consult with the Vice-Principal. For example:

- in cases of aggressive behaviour, physical threat or attack;
- if it is considered that the school has been brought into disrepute;
- serious or ongoing bullying (in line with the *Positive relationships and Anti-Bullying Policy*);
- false allegations;
- missed coursework deadlines;
- poor attendance or missing class;
- possession of any illegal or banned substance;
- possession of any dangerous instrument eg. Very sharp scissors
- serious indiscipline or disruption of class;
- serious underachievement;
- suspected theft;
- truancy;
- misuse of social media;
- serious academic problems; and
- all cases where normal sanctions have failed.

A record of offences, dates and sanctions will be retained.

If necessary, appropriate sanctions will be applied by the Vice-Principal in line with school policies.

In all cases, the final point of referral will be from the Vice-Principal and ultimately the Principal in the case of serious misdemeanours. The Principal, in consultation with the Vice-Principal and/or members of the Board of Governors, may apply formal disciplinary procedures.

For more serious offences, the school will follow the policy for Suspensions and Expulsions.

A record of offences, dates and sanctions will be retained. Those with parental responsibility for the pupil will be informed and requested to attend any interview which is required.
